WEEK OF

MOVEMENT 1

The Air I'm In

Not your IQ or your degrees: your curiosity, what you feed your mind, how well you think, and whether you're still growing. This week is for every kind of mind.

My intellectual life today circle one

empty (1) (2) (3) (4) (5) (6) (7) (8) (9) (10) thriving

Three words that describe my mind these days

What I've been curious about lately...

The inputs that drain my mind...

My mind's diet 1 to 10

MOVEMENT 2

My Truth

Look at each belief you carry about this part of your life. Is it true for me? Is it mine, or was it handed to me? Does it lift me, or weigh me down?

Beliefs people sometimes carry (which feel familiar?)

- I'm not smart. I was never a school person.
 - I'm too old to learn that now.
 - I don't have time to read.
- If I'm not good at it right away, I'm not meant to do it.
 - My mind grows with use, at any age.
 - Curiosity is a form of courage.

My belief sorter write each belief, then circle

THE BELIEF	WHOSE IS IT?	EFFECT
	mine · handed	lifts · weighs
	mine · handed	lifts · weighs
	mine · handed	lifts · weighs
	mine · handed	lifts · weighs
	mine · handed	lifts · weighs
	mine · handed	lifts · weighs

My Truth 3–5 sentences, present tense, the beliefs I choose to live by

MOVEMENT 3

My Horizon

What are you reading? What are you learning, and how does it feel to be a beginner again?
Who makes you think? How clear and focused is your mind? What have you created?

My intellectual life when it's thriving present tense, specific enough to picture

Three things I'd love to learn or explore in the next year anything at all; it doesn't have to be practical

MOVEMENT 4

My Why

A growing mind matters to me because...

The people who will feel the difference are...

If nothing changes here, what it costs me is...

MOVEMENT 5

My Flight Plan

Wing-sized: practices, choices and boundaries sized to the life you actually have. Two or three you'll keep beat ten you'll drop by Thursday.

What I'll feed my mind a daily or weekly input

What I'll stop feeding it limits on news, scrolling, noise

My learning project one thing from my list, and its first step

My thinking partners people, groups, books or communities that stretch me

MOVEMENT 6

My Next Right Movement

This week, I will...

When

How I'll know I did it

Follow the Question

Each day for seven days, notice one thing you wonder about, then give it ten minutes: look it up, read, ask someone. Write the question and what you found.

DAY 7

Reading all seven lines together, I notice...

To bring to this week's Gathering: Which question led you somewhere unexpected?

Head up. Wings out.
